OFFICIAL PAPER OF ALLEN COUNTY.

### OUR NEW LOCATION.

The REGISTER, has secured the room above Anderson & DeClute's and Dr. Scott's stores, known as the lola Opera House, and is now "at home" there to all its friends. The new type and other printing mater ist began arriving Monday and unless the presses now on the road are unaccountably delayed we shall be able to get out the REGISTER DEXT week from its own office.

It will doubtless be a matter of regret to a great many people to learn that the Opera' House is to be no longer used as an opera house. The REGISTER regrets it as much as anybody. But "business is business." The REGISTER had to have some place to go, and it had to have it right away. The Opera House was really the only available room in really the only available room in day evening to purchase a new plant, town at all adapted, in location and and arrangements having been made size to the needs of a printing office, and it was offered to us on most almost beats the Phoenix of old. and it was offered to us on most invorable terms. These considerations must be a defense for our part of the trade. On the part of the stockholders it should be sufficient defense to state that the Opera House has never been a paying investment. Men who have had their money in it for ten years have never received so much as a free ticket to a show. They are entitled to the thanks of the community for their public spirit in having provided a place of entertainment for so long at no profit to themselves, rather than no profit to themselves, rather than have for having at last taken admoney in it for ten years have never to blame for having at last taken ad- office is destroyed the REGISTER still vantage of an opportunity to secure lives.

Fakes Center News: Treasurer Cuningham of Allen county was visiting his slater Mrs. Gailey, last Sunday, and confirmed the reports which we had received about the very disastrous fire which occurred at lola at 129 o'clock Sunday morning. The fire is supposed to have originated in a tin whop on the south side of the public square and consumed an entire row of business houses from street to street. Our former townsman, J. M. Huffman, was burned out entirely, losing even the clothing and household effects of the family. He carried some insurante ou the store. The Register office was entirely consumed as were two fine business blocks belonging to R. B. Stephenson. It is a disastrous blow for our neighbors and Kansas pluck and Kansas pluck and Kansas rustle will bring them out all right in the end.
